COULD SEE NOTHING UNFAIR. Spectator Understood Game of Poker as Played in Tin Can.

Henry E. Dixey, the actor, was talk ing about the terrific fight that occurred recently on an Atlantic liner between two fat and elderly poker players. "It seems," said Mr. Dixie, with a smile, "that the first man lost \$1,300 to the second and paid up. The second then lost \$1,750 to the first, and refused to pay up. No wonder there was a fight, eh? If this sort of thing keeps up, the smoking room morals of a liner will fall as low as the gam bling-room morals of Tin Can. A ten derfoot once visited Tin Can and watched with interest the poker play. From saloon to saloon he passed. Everything was wide open, and very gay and lively. But as he looked on at a poker game that had no limit the tenderfoot suddenly frowned. He had seen the dealer slip himself four aces from the bottom of the pack. Gracious powers,' whispered the tenderfoot, excitedly clutching the sleeve of the man next to him, 'did you notice that?" 'Notice what?' asked the other. Why, that scoundrel in the red shirt just dealt himself four aces.' 'The other looked at the tenderfoot calmly 'Well, wasn't it his deal?" he said."

The gold discovered last year by a company, founded in the United States, amounted to only four pounds, valued day and he didn't talk about anything at \$1,500. Montpelier, March 24.-The appoint ment of Former Governor John W Stewart as United States senator by Governor Fletcher D. Proctor to fill the vacancy in the national senate caused by the death of Redfield Proctor, his father, until the legislature meets in the fall, caused little surprise here this afternoon. The general belief was expressed by the governor's friends here that he intends to be candidate for United States senator when the next legislature meets. There has been a growing sentiment mong politicians of the state that ex-Governor Carroll S. Page would have

the strongest following of any candidate who thus far has openly announced himself as a candidate for United States senator. That there will be an interesting contest between Mr. Page and Congressman D. J. Foster for the office when the legislature meets is now generally believed. In the last year or more Congressman Foster has gained in strength on the east side, while the Page sentiment extends to many points throughout the state. The fact that Mr. Foster will be a candidate for renomination from his district will place him in a singular pos-ition—that of running for two offices at the same time—if he concludes to enter the senatorial fight without declining a renomination as representat-

> TO STOP SPECULATION ON EGGS Cold Storage Dealers.

> Boston, March 21.-Wild speculation in eggs, which has been the cause of unsatisfactory market conditions in recent years, may not be repeated this year. It is announced that New York, Chicago, and Pittsburg banks have decided to advance only ten cents a dozen on cold storage eggs this spring. It is believed that this will have a tendency to dissuade some speculators from putting as much mondid last year or the year before. A large proportion of the supply will go into immediate consumption during the summer, at prices below what the narket brought last summer.

In Boston yesterday the average wholesale price on the bulk of first Western eggs was two cents lower than last year, the quotation 16½ cents a dozen as against 18½ cents a year ago.
